

Uitleg

Let op: dit document is gemaakt op A3 formaat.

Wat heb je nodig?

- houten speelbak/sensory bak
- pompoms 100 stuks
- om extra te oefenen met de fijne motoriek kun je ook de pincetten gebruiken

Knip de vlakken van 25x25 cm uit en lamineer deze.

Leg ze vervolgens op de bodem van de houten speelbak/sensory bak. Vervolgens leg je de pompoms er verspreid overheen zodat je de cijfers niet meer ziet.

Knip daarna ook de kaarten uit met de cijfers erop.

Laat de kinderen de cijfers zoeken in de speelbak.

Ze kunnen aftekenen op het kaartje welke ze hebben gevonden.
